REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

References Fernandez-Corbaton et al (2004/0017846), Saquib (2004/0120300), Fulghum et al (2005/0111528), Wei et al (2005/0163198) and Hwang (2006/0013289) are cited because they are pertinent to the RAKE receiver for receiving signal having multi-path interference. However, none of the cited references teaches or suggests, in combination, the arrangements of the method steps of sampling and filtering the received signal; estimating time delay between paths for the filtered samples; estimating channel complex coefficient and especially, extracting the transmitted data from the filtered samples for each path in accordance to the equations as set forth in claim 1 in order to form a method of extracting data from a received signal including multi-path interference in a rake receiver. Claims 2-6 are depending to claim 1, which are also allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The examiner accepts the drawing filed on 4/7/05.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DON N. VO whose telephone number is (571) 272-3018. The examiner can normally be reached on TUE - FRI (9:00-6:30).
